

Milo-Grogan

The following is a compilation of recommendations from city plans and project lists that may be eligible for UIRF funding. Area commissions, civic associations, and other organizations that are considering applying for UIRF funds should utilize this list as a starting point when considering potential projects. Additional general ideas for potential projects are listed in the document titled "[Generalized List of Potential UIRF Project Ideas](#)".

Recommendations from city plans from the following list (noted as such) have received considerable neighborhood public input, have been recommended by the local area commission, and have been adopted by City Council as policy for the given area/neighborhood.

Recommendations from the portion of the table titled "Other Potential Project Ideas from City Project Lists" have come from staff developed recommendations that are consistent with city plans and/or address other city capital improvement priorities.

Applicants for UIRF funding are not required to restrict themselves to a proposal from this list. This information was compiled by city staff in order to assist neighborhood organizations in developing project ideas, but the city does not guarantee that there may not be additional potential projects within a neighborhood's plan or from other sources. Neighborhood organizations should review their plan and other information themselves in order to better understand the recommendations from this list and perhaps identify other potential project ideas. Choosing a project from this list does not guarantee funding, but projects chosen from the list will be weighted in favor of projects not from the list, per the City's UIRF [Criteria Rating Form](#).

Milo-Grogan Neighborhood Plan (2007) Recommendations	Plan Page Number
Install traffic calming devices on Leona Avenue.*+	49
Evaluate implementation of traffic calming on Saint Clair Avenue north of Fifth Avenue.*+	49
Install traffic calming devices and sidewalks on Lexington Avenue between Second Avenue and Fifth Avenue.*+	49
Evaluate the feasibility of making improvements to the intersection of Camden Avenue and Cleveland Avenue.	50
Make improvements to accommodate pedestrian crossing of Fifth Avenue at Lexington Avenue.*	50
Ensure that playgrounds are located in each residential area to minimize the need for children to cross major streets like Fifth or Cleveland Avenues.	58
Focus on the empty lots on the corner of Saint Clair and Shoemaker as a potential site for a medium-scale neighborhood park. Also work toward creating park areas on the Timken site.	58
Promote better connections to existing facilities, such as the North Side library on North High St. and the Post Office on 4th Avenue.	58
Other Potential Project Ideas from City Project Lists	
Milo Grogan Park: Playground and Site Improvements (supplement Community Center renovation)	n/a
New Beginnings Park – general improvements	n/a

*Projects noted with an asterisk are subject to preliminary engineering analysis which could either prove the project not feasible or limit the extent of the project.

+Projects noted with a “+” are subject to the completion of a community mobility plan.
